Asset-Based Lending Index

**Secured Finance
Network**

An association of professionals
putting capital to work

Introduction

The Secured Finance Network's Quarterly Asset-Based Lending Index is designed to allow SFNet members to monitor industry trends and benchmark performance.

A significant number of SFNet members engaged in asset-based lending and factoring participated in this year's surveys. Members who participate in the surveys received more detailed reports mapping additional facets of their industry. If you are a member and are interested in participating, please contact Aydan Savaser at asavaser@cfa.com. If you are not a member, please contact James Kravitz at jkravitz@cfa.com to learn about the many benefits of membership.

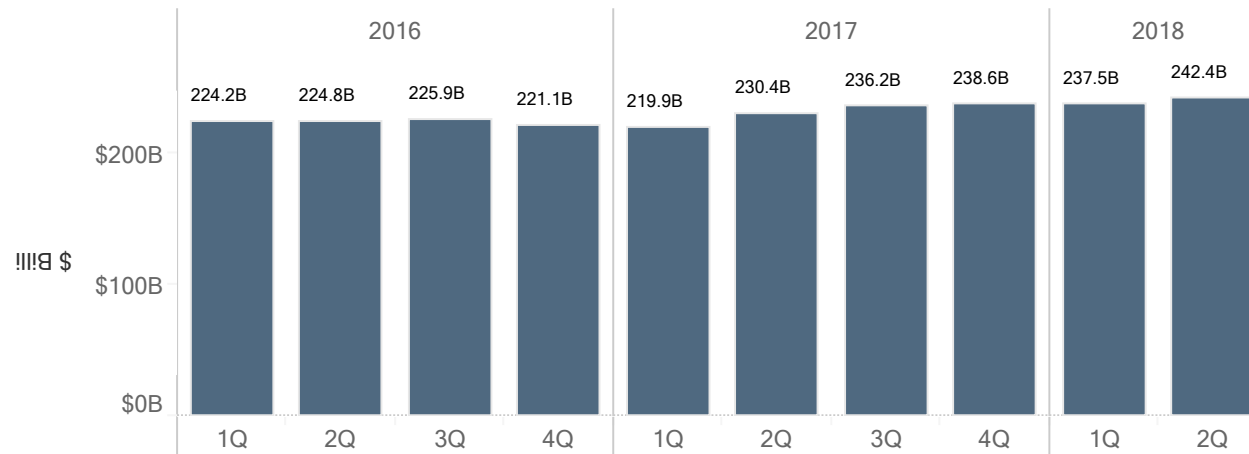

The makeup of the lenders providing data for this report changes from quarter to quarter. Participating members also have the ability to revise their previously reported data. As such, the data presented in this report reflects only organizations who responded during the current data collection cycle and previous quarter values reported in this report may not be consistent with the previous quarters' reports.

If you have any questions about the data contained in this report, or if you have suggestions on how we can improve the report in future years, please contact the Westat analysis team at CFADataInitiative@westat.com or 1-855-887-3820.
