H1 2024

# Mid-Year Factoring Survey Highlights

An association of professionals putting capital to work

#### Introduction

This report summarizes the headline results from the Secured Finance Network's 2024 Mid-Year Factoring Industry Survey.

SFNet members who participate in these surveys receive more detailed reports to help them understand industry trends and benchmark their organization's performance and metrics relative to the broader respondent base. If you are a member and are interested in participating, please contact Aydan Savaser at <a href="mailto:asavaser@SFNet.com">asavaser@SFNet.com</a>. If you are not a member, please contact James Kravitz at <a href="mailto:jkravitz@SFNet.com">jkravitz@SFNet.com</a> to learn about the many benefits of membership.

The makeup and overall number of factors providing data for this report changes from survey to survey. As such, the values presented in this report correspond only to factors that responded in this most recent cycle. Values shown in this report may not be consistent with the previous reports due to shifting respondent pools. Please refer to the subheadings for each chart for further clarification on the values being shown.

If you have any questions about the data represented in this report or have suggestions about how the report can be improved in the future, please contact Andy Yewdell at Keybridge Research at <a href="mailto:ayewdell@keybridgedc.com">ayewdell@keybridgedc.com</a>.

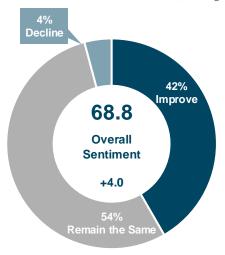

### Factoring Confidence Index

#### Combined Factoring Sentiment Score (0-100)

Average of H1 2024 Scores for Sentiment Indices, Change from H2 2023

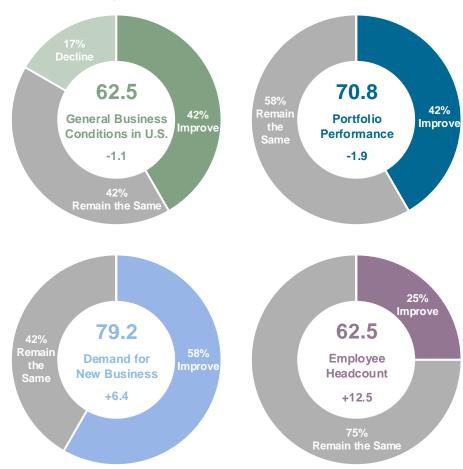

#### Highlights:

- 12 factors assessed aspects of their business and the factoring market over the next six months. Scores above 50 signal improvements, below 50 indicate declines, and at 50 imply a condition will remain the same.
- Overall factoring sentiment continues to improve, with more respondents expecting conditions to get better than earlier in the year.
- Expectations for employee headcounts improved the most since early 2024, with a higher share of factors expecting increased demand.
- While the index scores for general business conditions and portfolio performance changed little from early 2024, the outlook for business conditions became more varied: not only did the share of respondents expecting business conditions to deteriorate increase (+8%) but share expecting them to improve also increased (+6%).

#### Factoring Sentiment Indices (0-100)

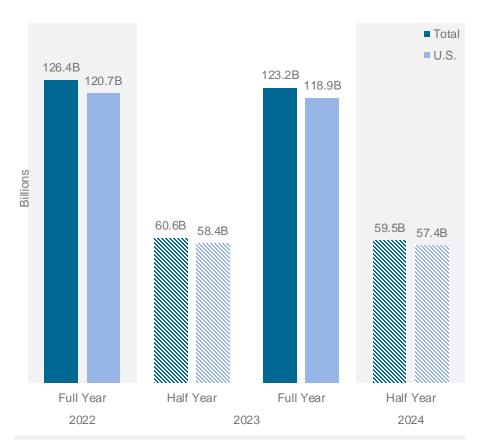

H1 2024 Score, Change from H2 2023

# Factoring Volume\*

All factors responding for all periods

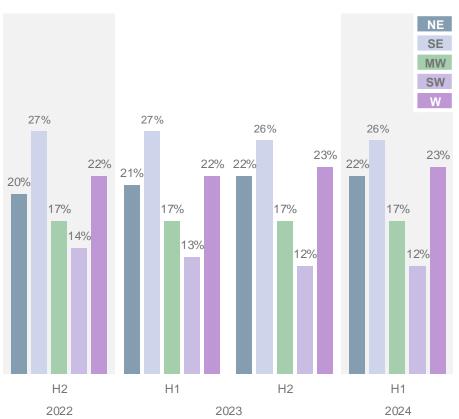

Total factoring volume decreased by 1.9% among respondents reporting in both H1 2023 and 2024.

\*Volume in H1 and H2 are not directly comparable. H1 represents half a year of volume whereas H2 represents a full year. Total volume less U.S. volume does not necessarily equal international volume.

# % of U.S. Factoring Clients by Region

All factors responding for any period

The regional distribution of clients was largely unchanged across all reported periods. The Southeast maintained the greatest share of clients across all periods.

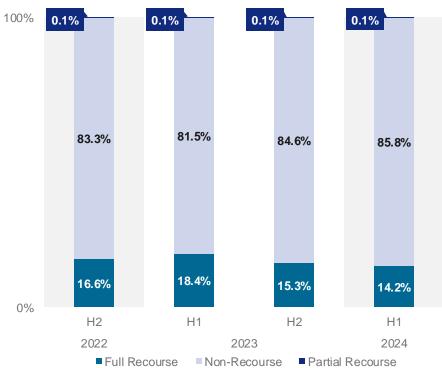

# % of Factoring Volume

#### Recourse Factoring

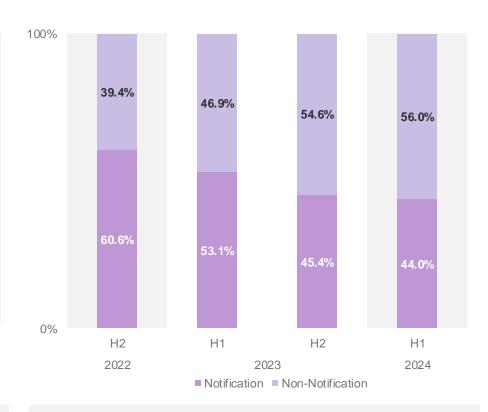

All factors responding for any period

Non-recourse factoring's share of volume increased from H2 2023 to H1 2024, rising by 1.2 percentage points.

#### **Notification Factoring**

All factors responding for any period

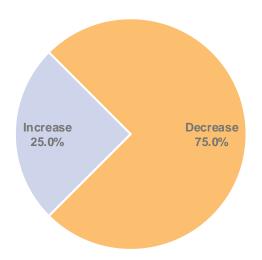

Notification factoring's share of volume declined from H2 2023 to H1 2024, dropping by 1.4 percentage points.

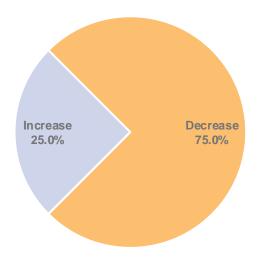

### Total Funds in Use

Change from H2 2023 to H1 2024, all factors responding for both periods, by share of respondents reporting change

# **Average Earning Assets**

Change from H2 2023 to H1 2024, all factors responding for both periods, by share of respondents reporting change

The vast majority of respondents reported a decline in their total funds in use from H2 2023 to H1 2024.

Most respondents reported a decline in their average earning assets from H2 2023 to H1 2024.

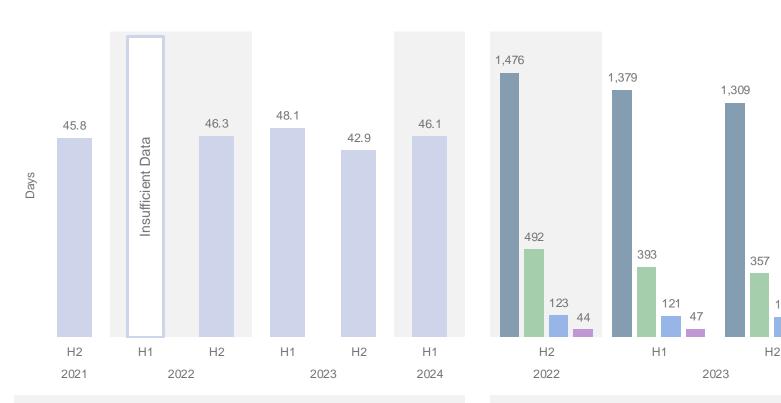

# Average Days Sales Outstanding

All factors responding for any period

# Number of Employees

All factors responding for all periods

Average days sales outstanding increased from H2 2023 to H1 2024 by 3.2 days and decreased from H1 2023 to 2024 by 1.9 days.

The total number of employees decreased by 5.3% from H2 2023 to H1 2024 and by 10.1% from H1 2023 to 2024. The number of employees in account management and business development all decreased H/H and Y/Y. The number of employees in underwriting grew H/H but declined Y/Y.
